

SUPER READER LOG

- The SUPER Read-a-Thon is only going for one week this year. This is meant to make it more challenging for readers, testing to see how much they can read in a short time.
- After reading the specified number of minutes/pages for their particular age category, readers are encouraged to submit a review of what they just read. They can go to <http://youthcouncil.magnautah.org> and click on Reading Contest to submit their review and read others' reviews.
- Participants should use this reading log to keep track of the time/pages read. At the party, the Youth Council will collect reading logs and use them to determine the number of tickets awarded to each participant for the drawing.
- The contest will culminate in a party at the Webster Center (8952 W 2700 S) on March 2nd at 7:00 pm, where the drawing for prizes will be held. The more a person reads, the more likely they will be to win additional prizes. Law enforcement officers will be on hand to read, and we will also have prizes for people that simply come to the party. There will be fun games and activities for the whole family as well. The party is also meant to coincide with Dr. Seuss Day.
